# Pharmacy Network Newsletter

Let's work together to help achieve better clinical outcomes and pharmacy savings for everyone

### Quarter 1 | February 2024

## Creating a healthier world, with you at the center

Our full-spectrum pharmacy services are designed to provide affordable access to prescription medications and therapies. Optum simplifies how consumers, clients and partners navigate the pharmacy space — to help deliver improved experiences, health outcomes and a lower cost of care.

## Health equity

Optum Rx is launching initiatives that will support pharmacists in connecting their patients to services that address access to food, nutrition, and baby supplies.

The initiatives will focus on three critical areas:

- **Connecting underserved patients to community resources.**
- **Improving maternal and fetal health** through increased preventative prenatal vitamin use, access to community diaper bank resources and baby supplies.
- **Providing increased access to health care resources** through community pharmacies in health care deserts.
